## Abstract

Dear Editor

Sir,

Response to the new volume (Volume 3 Number 1)

For clarity, I have categorized my comments as follows:

### 1. Comment on the Editor-in-Chief

I congratulate Dr Kewal Krishan on the laudable achievements of The Internet Journal of Biological Anthropology. His giant strides has lead to the indexing of the journal by SCOPUS - the largest abstract and citation database of quality peer-reviewed research literature in scientific, medical, Engineering and social sciences fields. Quoting him, "according to Scopus, this was in recognition of the high quality and relevance to the scientific community

of the journal". I want to salute his exemplary leadership and the editorial board of the journal for a job well done with professional precisions. I sense in him a progressive minded personality.

### 2. Suggestions to IJBA

(i) As an internet journal (e-Journal), I feel we can achieve a quarterly (i.e. Four times a year) publication.

(ii) It will be fine if we can make a pdf option available for publications.

Best regards

OYINBO CA.
